

## **Economics**

### **Job Title**

Professor/ Associates Professor/ Assistant Professor – Economics

### **Landing Page Short Description**

We are inviting applications from highly research-active candidates for the positions of full-time Assistant /Associate/Full Professor in Economics. While we welcome applicants from any area of Microeconomics, Macroeconomics, Econometrics, International Economics, Development Economics or any other applied areas in the field, we are particularly interested in applicants with an expertise in theoretical and applied economics.

### **Internal Page Detailed Description**

FLAME University, Pune (Maharashtra, India), is the pioneer of liberal education in India. With a strong focus on interdisciplinary research and teaching, the School of Liberal Education has recognized strengths in the areas of Psychology, Sociology, Public Policy, Economics, Philosophy, Literary and Cultural Studies, in addition to Environmental Sciences, Computer Science, Applied Mathematics. The school offers undergraduate programs that allow students to gain rigorous interdisciplinary training and opportunities to complement their research activities, build networks/professional references, and advance their career aspirations. Overall, the School stands for intellectual freedom, curiosity, and academic integrity.

We are inviting applications from highly research-active candidates for the positions of full-time Assistant /Associate/Full Professor in Economics. While we welcome applicants from any area of Microeconomics, Macroeconomics, Econometrics, International Economics, Development Economics or any other applied areas in the field, we are particularly interested in applicants with an expertise in theoretical and applied economics.

Faculty responsibilities include but are not limited to teaching, research, advising students, participating in faculty colloquia, and academic administration. A Ph.D. (completed or nearing submission) is required at the time of application. Our expectation is that a successful applicant will:

1. Undertake independent high-quality research as well as work actively with existing members to build a strong interdisciplinary community of scholars who are committed to delivering cutting-edge research and innovation
2. Translate research findings into evidence-based practices, programs and policies

3. Remain committed to excellence in teaching- a core value of FLAME University- and adopt creative pedagogies that foster cultures of inclusion and diversity.
