

JOB DESCRIPTION

Designation: Associate Scientist / Senior Associate Scientist

Job Location: Bangalore

Department: TM- Genomics

About Syngene

Incorporated in 1993, Syngene International Ltd. is an innovation-focused global discovery, development and manufacturing organization providing integrated scientific services to the pharmaceutical, biotechnology, nutrition, animal health, consumer goods and specialty chemical industries around the world. Syngene's clientele includes world leaders such as Bristol-Myers Squibb, Baxter, Amgen, GSK, Merck KGaA and Herbalife. Its innovative culture is driven by the passion of its 4240- strong team of scientists who work with clients from around the world to solve their scientific problems, improve R&D productivity, speed up time to market and lower the cost of innovation.

Job Purpose: The translational genomics group is looking for a motivated scientist, with demonstrable experience in NGS techniques and high throughput genomics assays. The person is expected to lead a group of scientist to collaborate and partner with other groups in areas of clinical and translational research. Person expected to work with the team to maintain quality and timeline of deliverables.

Key Responsibilities:

Validation and optimization of NGS- and qPCR-based assays. Development of qPCR, PCR-based assays. Training and mentoring group members. Writing reports, SoPs, manuscripts and presentation of data to stakeholders. Work in a collaborative environment. Meticulous record keeping and presenting work to stakeholders.

Educational Qualification: Master's (M.Sc/ M.Tech)

Technical/functional Skills:

Next generation sequencing experience is mandatory. Experience with PCR and qPCR-based assays for expression and genotyping. Clear understanding of molecular biology and cell biology techniques.

Experience: 5-9 years

Behavioral Skills:

Ability to work in collaborative atmosphere. Strong communication and presentation skills.

Equal Opportunity Employer:

It is the policy of Syngene to provide equal employment opportunity (EEO) to all persons regardless of age, color, national origin, citizenship status, physical or mental disability, race, religion, creed, gender, sex, sexual orientation, gender identity and/or expression, genetic information, marital status, status with regard to public assistance, veteran status, or any other characteristic protected by applicable legislation or local law. In addition, Syngene will provide reasonable accommodations for qualified individuals with disabilities.
