

SRM "Centre for Clinical Trial and Research"

A Centre of Excellence under SRM IST

The SRM "Centre for Clinical Trial and Research" is a state-of-the-art facility for conducting and enabling novel research. It is a 5000 square feet facility that is housed in the third floor of SRM Medical College Hospital at Kattankulathur campus of SRM IST. It is a world class clinical trial centre, dedicated to provide high quality and timely clinical research services. The SRM CCTR is a dedicated set up which collaborates with researchers, sponsors, academia, Govt agencies to carry out clinical trials with drugs, vaccines and medical devices.

The services of the centre cover from feasibility studies till archival of the completed study documents. In line with high ethical standards, the CCTR also ensures that clinical trials are conducted in compliance with Indian and global regulatory requirements which ensures and protects the safety, wellbeing and rights of the subjects at each and every point of research.

Mission of CCTR

- We commit to providing our pharmaceutical, biotechnology, nutrition and governmental sponsors with quality data and accurate execution of all protocol requirements in line with regulatory authorities.
- We commit to educating our communities on medical research advances and the clinical trial process.
- We provide our study participants autonomy, respect and utmost care with ethical integrity as per ICH GCP.
- We commit our team members to maintain a friendly, fair, and creative work environment, which respects diversity, new ideas, and hard work.

Vision of CCTR

- To develop scientific evidence through innovations related to diagnostic, preventive, promotive and therapeutic areas
- Our vision is a healthy and informed society, with a strong quality of life, due to advancements of therapies in medicine, nutrition and devices

Key features of the CCTR include

- Research is conducted with integrity and quality data management
- Facilities to conduct all phases of clinical trials and BA/BE studies
- Institutional Ethics Committee registered with CDSCO
- Scientific Committee assistance for pharma-sponsored, investigator-initiated trials
- Support to achieve Quality standards of ICH GCP, NDCT Rule 2019, ICMR and other applicable national and global guidelines.

The team of CCTR is proud to work with govt funding agencies like ICMR, BIRAC and many private organisations like Sanofi-GSK, Bharat Biotech International Limited,

Serum Institutes of India, Shantha Biotechnics, PHRI-Canada, DNDi, George Clinicals, IQVIA, ICON, Diagnosearch, Clantha Research, Wockhardt, Veeda clinical research and many more.

Trial and Research Facilities

- State-of-the-art Infrastructure
- Central Lab- SRM Hospital
- NABL accredited Virology lab
- Sample storage room with deep freezers (-80 degrees Celsius and -20 degree Celsius)
- NABH Approved Facility at SRM Hospital
- Data Storage- highly secured access
- High Speed network facilities
- Power Back up -24*7 hrs
- Dedicated trial staffs – 24*7 hrs
- GCP trained clinical research professionals
- Pharmacy with 24 hrs power back up and access control
- ICU & MICU Facilities at SRM hospital

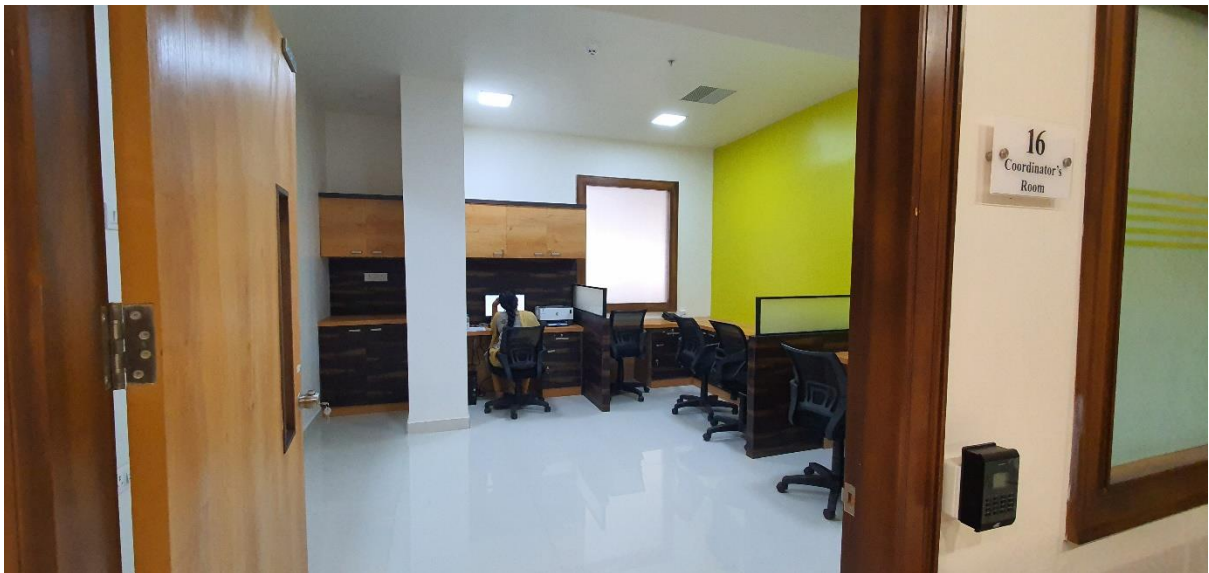

Expert Clinical investigators from different disciplines

- Anaesthesiology
- Cardiology
- Clinical Pharmacology
- Dermatology
- Gastroenterology
- General Medicine
- General Surgery
- Nephrology
- Neurology
- Obst & Gynaecology
- Ophthalmology
- Paediatrics
- Pharmacology
- Psychiatry
- Respiratory medicine
- Urology

SRM CCTR facility

Our motto

Research coordinator room

Sample storage room

Sample processing Laboratory

Our belief – team work

Patient observation room
